ERASMUS+

This course is of significant benefit to non-native teachers and trainers who:

- need to increase their awareness of current thinking on PBL developments
- wish to share ideas on best practice methodologies with colleagues from across Europe thereby improving the overall approach to teaching in their schools

Objectives

- to familiarise participants with key concepts and issues in Project Based Learning
- to help develop participants' skills in implementing PBL in the classroom
- to increase participants' skill and confidence in the use of some computer applications used in PBL
- to cover a variety of school projects for subjects such as English, geography and history with a focus on the tools and resources needed to make PBL accessible to learners through English
- to provide opportunities for improved methodology and creativity to help participants increase their student engagement and retention on their return to their own schools
- to provide an opportunity to develop and consolidate participants own language skills
- to establish contacts between teachers from a variety of European backgrounds and facilitate future networking among these professionals
- to promote awareness of contemporary Ireland

Preparation

Pre-course Preparative Modalities:

- Needs Analysis
- Pre-course information on free on-line resources for
- Pre-course cultural information
- Pre-Course general arrival information

Practical Arrangements

Intra-Course Modalities offered by the Course Provider

- Course Tutor
- Learning Materials
- On-going assessment and evaluation
- Setting of learning objectives
- Feedback on progress and areas needing special attention
- Guidance and advice on homework exercises
- 24 hour emergency contact number
- Accommodation service
- Optional cultural visits

Follow up provided

Post-Course Modalities

- A Certificate of Attendance and Achievement
- Europass Mobility
- Post-Course Forum

THEORY AND PRACTICE OF PROJECT BASED LEARNING

Course Topics

Key Concepts and Definitions of PBL

Stages in planning and implementing a project

Developing projects in the classroom and cross curricula

Integrating Technology into project development

Using Web tools to design projects

Using the 4 skills and PBL in the language classroom

Assessment through projects

Presentation of project work developed during the programme

ERASMUS+

Course Content

The input sessions are a blend of lecture format and practical activities. Throughout the course participants are encouraged to reflect on their own practice, consider alternative practices and try out a variety of classroom activities through lesson planning, workshops and presentations. Participants will build up a portfolio of project ideas and develop a project of their own.

Format

This **1-week** course on using Technology in the Classroom consists of 20 morning contact hours as well as 1 afternoon workshop and an extensive cultural and social programme directly linked to the morning sessions
