

Language & Methodology in Practice

MODULE 2 – Diversified Classroom Activities

**Course Ref: EPF 3
MODULE 2**

TOPICS

Pair and Group Work

In this session different pair work and group work activities are presented and how they can be used to facilitate learning.

Rhythm, Songs and Rap

Rhythm and stress are important parts of the language. This session shows how songs, chants and rap can be used to improve learners' spoken production in a fun way.

Role Play

Role play should not be about students memorising chunks of text and reciting it. This session shows how role play can be used in a creative, unscripted way to replicate real life situations and provide students with a 'safe' environment in which to practise their speaking skills.

Drama

Drama can be used to greatly increase learners' motivation and creative skills. This session shows how students can be involved in all stages of the production, from creating and writing the script to performing the sketch or play.

Dialogues

Dialogues are a great way to practice the 4 skills, especially if the students write them first. Any topic can be utilised using this activity.

News and Newspaper Activities

This session will show how authentic news material can be used and exploited not only for advanced level students, but also for lower level students as well.
