**Course Ref: EPG 3
MODULE 2 (EPG 3.2)**

TOPICS

Listening Skills

In this session we consider listening as a skill and look at the particular problems it causes for students and how we can help to overcome these problems. It also covers activities to practise this skill.

Speaking Skills

Speaking can be the most enjoyable activity for the students once they have overcome any initial reserve. In this session we will consider techniques to ensure a relaxed classroom atmosphere, along with a range of activities which encourages communication.

Reading and Writing Skills

This session looks at different types of reading activities and how we can bring variety to this skill. This session will also look at ways of making writing practice more interesting while considering the range of writing types that the students should ideally know.

Vocabulary Acquisition

This session will introduce a range of activities to help students learn and practise the key vocabulary they need to know for communication or examinations.

Grammar in Context

An examination of grammar, both from the teacher's viewpoint (i.e. your own level of grammatical knowledge and usage) and from the point of view of the learner. Techniques and activities for presentation in a classroom setting are considered.
